

Certificate of Notification

The Quality Association PCM
recognises the company

w&a wärme- und anwendungstechnische Prüfungen
D-15517 Fürstenwalde/Spree

as

External Testing Institute

based on the comparison carried out with the already
recognised external testing institutes.

The recognition covers the determination of the phase transition temperature /
stored heat and the cycling stability / reproducibility of the phase transition of
products based of paraffin or salt hydrates.

Furthermore, w&a wärme- und anwendungstechnische Prüfungen is authorised
to perform monitoring activities for awarding the

„Quality Mark PCM“

on behalf of the Quality Association PCM.
